Child Protection (CP) Policy 2024-2026

April 2024, Version 2

Nepal Environment and Integrated Sustainable Action Foundation (NESAF) is a non-profit distributing and service-oriented social organization implementing a multidisciplinary program and providing consulting services registered in 2014. It provides services and supports its clients through research and development, project development and implementation, monitoring and evaluation, training and advocacy, agriculture produce, value chain and marketing. While providing services to clients, visiting the communities and interacting with the local population, we also commit ourselves to adopting approaches and strategies for meaningful involvement and participation of all concerned.

NESAF believes that it is always unacceptable for a child or young person to experience abuse of any kind and they have the right to safety and protection. Everyone working with children has a basic duty towards them. We believe that it is our responsibility too to safeguard the welfare of all children and young people, by a commitment to practice which protects them.

This policy's goal is to safeguard children by outlining what exactly defines as violence against them and provide guidance on how to report instances of this kind of violence when they are either directly observed or reasonably suspected.

Child is below the age of 18	Child abuse "includes all types of physical and/or emotional ill-treatment, sexual abuse, neglect, negligence and commercial or other exploitation, which results in actual or potential harm to the child's health, survival, development or dignity in the context of a relationship of responsibility, trust or power." <i>Physical, sexual, emotional, psychological, and neglect</i>
------------------------------	---

Prohibited Acts with Children: Following acts are strictly prohibited while working with and for children.

Discrimination: No act of discrimination is acceptable that includes (not limited to) caste, ethnicity, geography, physical and psychological status.

Stigmatization and degrading: Degrading identity creation of a child and child's community are not acceptable.

Neglect: The act of disregarding a child's deprivation, vulnerability, and victimization is not acceptable.

Confidentiality: The child's identifying information is strictly prohibited from being publicly disclosed without their assent and consent of parents.

Implementation of CP Policy

Implementation: Appoint a child protection coordinator

Prevention: For the (Child) secure environment, information on accessing help/support, increase confidentiality, and for the (staffs) foster environment of trust, avoid situation that may create risk to children, avoid unhealthy attachments with child, there should be female staff if majority of children represents girls, and ensure visibility when working with children.
