1. INTRODUCTION AND BACKGROUND

Introduction

Nepal Environment and Integrated Sustainable Action Foundation (NESAF) is a non-profit distributing and service oriented social organization that implements multidisciplinary program and provide consulting services. It was registered in 2014 under the company registration act (registration number 119630/070/071) and affiliated with the Social Welfare Council (affiliation number 47062) in 2018. It is also registered under VAT in 2016 (VAT number 601846320). It provides services and supports its clients through research and development, project development and implementation, monitoring and evaluation, training and advocacy, agriculture produce and marketing.

NESAF is managed by a five-member board that has full responsibility for all decisions about the well-functioning of the organization. The Chief Executive Officer is responsible for NESAF's management and decision making and reports to the board of directors.

Vision

We envision to be established as quality service providing organization.

Mission

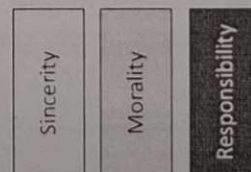

To provide effective and efficient program implementation and consulting services and support.

Objectives

To design and implement value based integrated development program and offer quality consulting services and support.

Values

We uphold professional standards, prioritizing clients¹ needs by following ethical guidelines. We value inclusivity, teamwork, and perspectives for quality deliverables. Sincerity, morality, and responsibility are three values that serve as the foundation of our company.

¹ NESAF consider stakeholders and clients – to the Donors and I/NGOs operating in Nepal and abroad

2. SITUATIONAL ANALYSIS

Strengths

S

- Legal status and autonomy
- Highly qualified, experienced and diverse member-based organization
- Experienced researchers from multi disciplines
- Received positive testimonies from clients
- Strong and longstanding relation with clients based on successful past collaborations.

Weaknesses

W

- Lack of regular professional networks with clients
- Inadequate infrastructure
- Low financial base
- Unable to undertake low bid and provide services
- No social media presence
- Review of deliverables and identify areas of weakness
- Involving NESAF members

Opportunities

O

- High level of recognition and access to clients
- Exploring and diversifying area of work
- Collaboration with academic and other institutions
- Establishment of a quality service provider
- Exploring international opportunities and collaboration
- Institutionalization of NESAF as a quality service providing organization

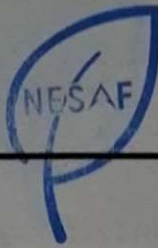

Challenges

C

- Creating environment for support for the sustainability of NESAF
- Growing number of organization with similar interest areas like of NESAF
- Generation and mobilization of resources
- Intense competition and adapting to the evolving client's needs and requirements
